

Business Operations Graduate, Orion Consumer Goods Ltd

About Us

Orion Consumer Goods Ltd is a fast-growing FMCG company with a strong presence across the UK and Europe. We specialise in household products and are passionate about innovation, sustainability, and delivering value to our customers.

The Role

We are looking for an enthusiastic Business Management Graduate to join our Operations team. You will gain hands-on experience working across supply chain, procurement, and project management, supporting the delivery of key business improvement initiatives.

Key Responsibilities

- Analyse sales and inventory data to support forecasting and stock management.
- Assist with supplier negotiations and contract reviews.
- Support project managers with planning and reporting on operational efficiency projects.
- Prepare presentations and reports for senior stakeholders.
- Participate in cross-departmental meetings and contribute fresh ideas.

What We're Looking For

- Current final year undergraduate studying Business Management or a related field.
- Strong analytical and problem-solving skills.
- Confident communicator with good interpersonal skills.
- Proficient in Microsoft Office, particularly Excel and PowerPoint.
- Organised, proactive, and keen to learn.

What You'll Gain

- A 360° understanding of operations within a growing FMCG company.
- Professional development support and mentoring.
- Opportunities to lead small projects and take real ownership.
- A supportive team environment where your contributions will make an impact.
